Instructions for Learners

This assessment contains **four** tasks as follows:

Task 1 – 9 marks

Task 2 – 13 marks

Task 3 – 4 marks

Task 4 – 4 marks

For this assessment you will be given:

- a password to log on to your device to access your Assessment User Area
- an Assessment User Area with a folder called **BIRTHDAY PARTY** to store your files for the tasks
- an email account to be used for the assessment.

You must save the evidence as directed in the assessment.

Assessment

You must complete ALL tasks within the assessment.

Set Task Brief

You have been asked to help organise a birthday party.

You need to find out some information to help you plan the party and create an invitation.

Task 1a

Use the password that your assessor has given you to log on to your device to access your Assessment User Area.

A folder called **BIRTHDAY PARTY** has been created for you to save your work.

(1 mark)

Task 1b

You will need to find some information to help you plan the birthday party.

You will need to put this information in a file:

- open a new file using a word processing application
- save the file using a suitable file name in the folder **BIRTHDAY PARTY**

(3 marks)

Task 1c

Use a search engine to find the website for a DJ that you would like to use.

Take a screenshot of the search engine page with the search criteria used, and the results found. Paste the screenshot in the file you saved in **Task 1b**

Make sure the screenshot is clear and easy to read.

Enter the name of your chosen DJ in the file you saved.

Use the link for your chosen DJ to find some information:

- contact details for the DJ
- style of music.

Enter the information into the file you saved.

Capture and save one image suitable for use on the invitation.

Make sure the file and image are saved in the **BIRTHDAY PARTY** folder.

(5 marks)

Evidence:

*The folder **BIRTHDAY PARTY** which contains*

- *A file with suitable name that shows:*
 - *a screenshot of your search and results*
 - *DJ name and contact details*
 - *the style of music.*
- *The image you saved.*

(Total for Task 1 = 9 marks)

Task 2a

You need to create an invitation for the birthday party.

A file with some details of the birthday party has been started. The file is stored in the Cloud.

You have been sent an email with the link to this file.

Use the link to open the file **PARTY INVITATION**

Save the file with a new suitable filename in the **BIRTHDAY PARTY** folder.

(2 marks)

Task 2b

You will need the information you found in Task 1 for this task.

Complete your invitation.

Edit the file to correct the mistake.

Change the day from Friday to Saturday.

Add the information you found in suitable positions:

- name of the DJ
- the style of music.

Insert the image you found.

(5 marks)

Task 2c

Add suitable formatting to make the information clear and easy to read:

- centre align the information
- make sure the day of the party stands out
- add a page border
- make sure the image is in a suitable position
- add **two** other suitable formatting features.

Resave and close the file.

(6 marks)

Evidence:

- *An invitation that shows details of the party, appropriately formatted, saved in the **BIRTHDAY PARTY** folder.*

(Total for Task 2 = 13 marks)

Task 3a

You need to email your invitation to the two hosts.

Their email addresses are stored in the file **HOST EMAIL** in the **BIRTHDAY PARTY** folder.

Open an email software application.

Add the names and email addresses of the two hosts to your contacts.

Take a screenshot of your contacts list and save it in your folder.

(1 mark)

Task 3b

Prepare the email:

- enter the email addresses of the two hosts
- attach the invitation
- include a suitable message with the name and contact details for the DJ.

Send the email.

Take a screenshot of the email and save it in your folder.

(3 marks)

Evidence:

- *A screenshot of the email addresses in your contacts list.*
- *A screenshot of the email you sent clearly showing the attachment and the message.*

(Total for Task 3 = 4 marks)

Task 4

The hosts have asked you to order a birthday cake for the party.

Open the file **CAKE ORDER FORM** in the **BIRTHDAY PARTY** folder.

You must complete the form.

The cake needs to serve 24 people.

Use the details from this debit card for the order.

You do **not** want to receive special offers.

Save a copy of the completed form in the **BIRTHDAY PARTY** folder.

(4 marks)

Evidence:

- a copy of the completed form in your **BIRTHDAY PARTY** folder.

(Total for Task 4 = 4 marks)

TOTAL FOR PAPER = 30 MARKS
